# AROMEA FLEX

## FLEXIBLE AND DYNAMIC IN DESIGN

The Aromea Flex captivates with its reduced style and thus fits into any room feel - without distracting. However, sophisticated scent processing is hidden under the shell: in a patented process, the fragrance oil is atomized and blown out into nano-small droplets - a fragrant, invisible aroma cloud. The droplets are as big (or small) as the hundredth of a human hair, thus there are no deposits - just the pure aroma. Easy to use, a socket is enough - the perfect partner in the world of fragrances.

Technology	Cold Evaporation Nano AirQ Technology
Fragrance cartridge	500 ml completely recyclable
Electrical data	240V
Range	up to 130m <sup>2</sup>
Programs	up to 21 Start/Stop times and intensities, 24/7 mode
Fragrance intensity	50 intensity levels
Ventilator	5 stages
Colors	white, black other RAL colors on request
Dimensions	height 254 mm width 192 mm length 76 mm
Weight	gross weight 2,4 kg
available as	table/wall model
Safety	CE
